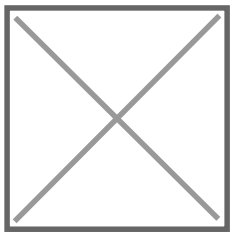
Leerink Partners is proud to announce the release of its Client App, available for free at the Apple App Store. The LEERINK Client App for iPhone and iPad offers our clients convenient mobile access to LEERINK's Equity Research at any time.

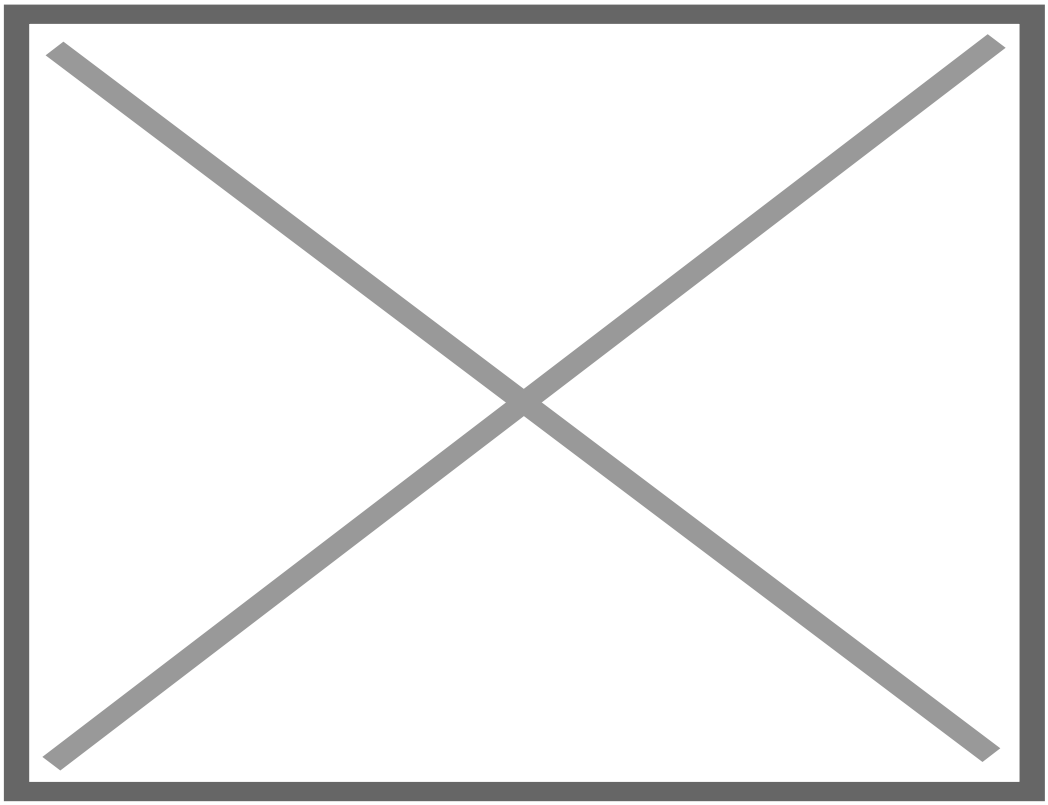
The LEERINK Client App provides:

- Direct access to LEERINK's Equity Research reports and ratings – searchable by company name, ticker, analyst or sector
- Detailed information on LEERINK client events
- Biographical information on LEERINK analysts
- The ability to download research reports or email links directly to your inbox
- A Twitter feed from LEERINK covered companies

To Access the LEERINK Client App:

- Search 'LEERINK' in the App Store, or scan the QR code down below
- Your username and password is the same one you use to access the LEERINK Client Portal
- Send questions, feedback or comments to PortalSupport@leerink.com
- To request access to LEERINK's research, please contact your LEERINK representative





The hallmark of Leerink Partners' market-leading Equity Research product is a commitment to creating deep, differentiated and proprietary knowledge. LEERINK's research analysts provide research on an extensive list of leading and emerging healthcare companies. LEERINK client events provide opportunities to meet with innovative companies in healthcare and attend panels hosted by analysts and MEDACorp specialists. MEDACorp is LEERINK's strategic knowledge resource leveraged within all of LEERINK's client services.
